Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) originally organized in 1998 as an informal network of grantmakers across the State. Since that time, the organization has engaged in numerous activities that promote philanthropy in Iowa. The mission of the ICoF is to strengthen philanthropy and effective grantmaking and does so through education and networking opportunities. For a complete list of members and information on joining, visit www.IowaCouncilofFoundations.org. For more information on the ICoF's Iowa Community Foundations Initiative, visit www.IowaCommunityFoundations.org.

Iowa Gaming Association

The IGA is an advocate for its members acting as a viable part of the state's economy and adding value to the entertainment and tourism industry. The IGA's members are: Ameristar Casino – Council Bluffs; Argosy Casino – Sioux City; Catfish Bend Casino – Burlington; Diamond Jo Casino – Dubuque; Diamond Jo Worth Casino – Northwood; Harrah's Casino Hotel – Council Bluffs; Horseshoe Casino & Bluffs Run Greyhound Park – Council Bluffs; Isle Casino Hotel – Bettendorf; Isle Casino Hotel – Waterloo; Lady Luck Casino – Marquette; Mystique – Dubuque; Prairie Meadows – Altoona; Riverside Casino and Golf Resort – Riverside; Rhythm City Casino – Davenport; Terrible's Lakeside Casino – Osceola; Wild Rose Casino – Clinton; Wild Rose Casino – Emmetsburg.

Community foundations across Iowa are committed to making our State an even better place to live, work, raise families, and retire. Through endowment building, grantmaking and community leadership, more than 130 community foundations are making a difference today that will be felt throughout Iowa well into the future. Specifically, the County Endowment Fund Program (created by the Iowa Legislature through a percentage of the commercial casinos' gaming tax revenues) is creating a strong community foundation infrastructure in the 85 counties that do not hold a state issued gaming license.

Annually more than 1,500 community foundation volunteers and staff commit themselves to this work which results in countless grants to support all areas of community life; from arts and culture to educational opportunities, from environmental protection programs to community development initiatives. These grants are providing essential support in sustaining and growing our vibrant communities. The results can be seen on the faces of children participating in after-school programming and in the refurbished history centers and museums; on the faces of adults who are finding support to gain new job skills and in the resurrected community centers, parks and playgrounds all across Iowa.

This year alone, the County Endowment Fund Program provided 2,163 grants for a total of more than $8.1 million. It has become a powerful program that is leveraging even more in these counties and truly making a difference in the lives of Iowans.

On the following pages you will find highlights of this past year from the 85 countywide community foundations that participate in the County Endowment Fund Program. Specifically worth noting is the growth that has been seen in endowment building since the Program began in 2005; the participating community foundations have increased total assets from $16.8 million to $74.5 million. This added focus of endowment building engages citizens from all walks of life in giving back with a commitment to the future. It's another way in which community foundations are working to ensure philanthropy remains alive and well.

We invite you to learn more about your local community foundation and encourage you to get involved where and when you can. It's about building even better communities not only for today but for future generations of Iowans. We are proud to be involved in this Program and proud of what it means for our State. In the coming years, look forward to sharing with you of even more successes and stories of impact made by Iowa Community Foundations – For **good.** For **Iowa.** For **ever.**

History & Purpose

The County Endowment Fund Program is one of two legislative programs in Iowa that aims to increase philanthropic activity that will enhance the quality of life for Iowans. Below you will find a timeline that highlights and explains various aspects of both legislative programs (County Endowment Fund and Endow Iowa) since together these incentives are helping to build the community foundation infrastructure that will sustain our communities now and well into the future.

2003

April 2003
The Endow Iowa Program was originally proposed as part of the Iowa Values Fund. The goal was to enhance the quality of life for Iowans through increased philanthropic activity. To achieve this, the Endow Iowa Program was created with two prongs:

(a) the Endow Iowa Tax Credit and
(b) the Endow Iowa Matching Grant Program.

The tax credit offered Iowa taxpayers the opportunity to apply for a 20% tax credit in addition to the normal deduction they would receive for a charitable gift provided it is made to a permanent endowment fund at a qualified community foundation (an initial limit of $2 million in total credits per year was established).

The matching grant program provided a limited amount of matching funds to new and existing community foundations that built the permanent, unrestricted endowment fund for their community.

June 2003
Governor Thomas Vilsack signed the Iowa Values Fund into law effectively creating the Endow Iowa Program.

2004

February 2004
The County Endowment Fund Program was originally proposed in HF 2302 and provided one half of one percent (0.5%) of the state's commercial gaming tax revenue to support the grantmaking and endowment building efforts of countywide community foundations in the 85 counties that do not hold a state issue gaming license.

May 2004
Governor Thomas Vilsack signed HF 2302 into law creating the County Endowment Fund Program.

2005

April 2005
The Iowa Council of Foundations and the Iowa Department of Economic Development awarded $150,000 in Endow Iowa Matching Grants to: Clay County Community Foundation, Clayton County Foundation for the Future,Community Foundation of Greater Muscatine, Elma Area Community Foundation, Greene County Community Foundation, and the Foundation for the Enhancement of Mitchell County.

November 2005
More than $5.4 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations - each receiving approximately $63,000. Community foundations then granted 75 percent of those funds to charitable projects within their counties and placed the remaining 25 percent into a permanent endowment fund. The intent is to attract other donations and provide a source of permanent funding for charitable projects within the county.

2006

May 2006
An increased allocation to the County Endowment Fund Program and the Endow Iowa Tax Credits was passed allowing 0.8% of the commercial gaming tax revenue to be used to support the programs.

July 2006
The Iowa Council of Foundations and Iowa Department of Economic Development awarded $50,000 in Endow Iowa Matching Grants to: Community Foundation of Louisa County, Madrid Community Endowment Fund, and Community Foundation of Van Buren County.

August 2006
The County Endowment Fund Program Grant Reports for the 2005 distributions were collected.

October 2006
More than $5.7 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations - each receiving approximately $67,000.

2007

July 2007
The Iowa Council of Foundations and Iowa Department of Economic Development awarded $50,000 in Endow Iowa Matching Grants to: Hardin County Community Endowment Foundation,Kossuth County Community Foundation, and Story County Community Foundation.

August 2007
The County Endowment Fund Program Grant Reports for the 2006 distributions were collected.

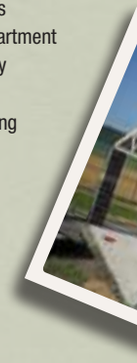
September 2007
More than $6.6 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations - each receiving approximately $77,000.

2008

July 2008
The Iowa Council of Foundations and Iowa Department of Economic Development awarded $50,000 in Endow Iowa Matching Grants to: Dickinson County Endowment Fund, Endow Union County, Ida County Community Betterment Foundation, and Wright County Charitable Foundation.

August 2008
The County Endowment Fund Program Grant Reports for the 2007 distributions were collected.

September 2008
More than $11.5 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations - each receiving approximately $131,000.



2009

August 2009
The County Endowment Fund Program Grant Reports for the 2008 distributions were collected.

September 2009
More than $11.3 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations - each receiving approximately $129,000.

2010

January & March 2010
Modifications to the Endow Iowa Tax Credit Program were implemented increasing the tax credit to 25%, up from the 20% previously offered, for charitable contributions made to a permanent endowment fund at a qualified community foundation. While still eligible for federal tax deductions, under the modifications donors no longer qualify to receive a state charitable deduction for this special contribution. The amount available in total Endow Iowa Tax Credits increased to approximately $3.7 million annually.

August 2010
The County Endowment Fund Program Grant Reports for the 2009 distributions were collected.

September 2010
More than $10.4 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations – each receiving approximately $123,000.

2011

May 2011
Through unanimous approval in the Iowa House and Senate, an increase of $800,000 was added to the base of Endow Iowa bringing the total available in 2011 to approximately $4.5 million. The bill was signed into law by Governor Terry Branstad.

August 2011
The County Endowment Fund Program Grant Reports for the 2010 distributions were collected.

September 2011
More than $10 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations- each receiving approximately $118,000.

County Endowment Fund Grants

The County Endowment Fund Program stipulates that the countywide community foundations distribute 75% of the allocated funds to charitable projects/programs within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support. It is important to note that community foundation grantmaking is at the local level as each county develops its grant distribution processes and involves local citizens to review and allocate funding to charitable projects/programs that impact a broad range of a community's wellbeing. Because of this local involvement, grant awards vary from year to year based on current and emerging needs in a particular geographic area.

The Iowa Council of Foundations and the Iowa Economic Development Authority (formerly the Iowa Department of Economic Development) collected reports from each of the 85 counties that outlined the County Endowment Fund Program grant award recipients as well as additional information from the community foundations; the results are outlined in the following pages.

In the reports, the counties were asked to use a common listing to categorize each grant as either program or capital based with a particular focus area in one of seven categories. The chart below serves as a key for the grants outlined in each of the county reports.

In addition, the organizations were asked to indicate their total assets. It is important to note that a community foundation's main purpose is endowment building which is often a long process resulting in legacy gifts in addition to lifetime gifts. Whereas growth in assets is certainly a component of the community foundation, there are many additional ways to measure the value of an organization's mission in the community such as education, philanthropic promotion, grantmaking and more. There is certainly much more we would like you to know about the value and work of Iowa Community Foundations. Please visit **www.IowaCommunityFoundations.org** or call the Iowa Council of Foundations at **515-989-1188** for more information.

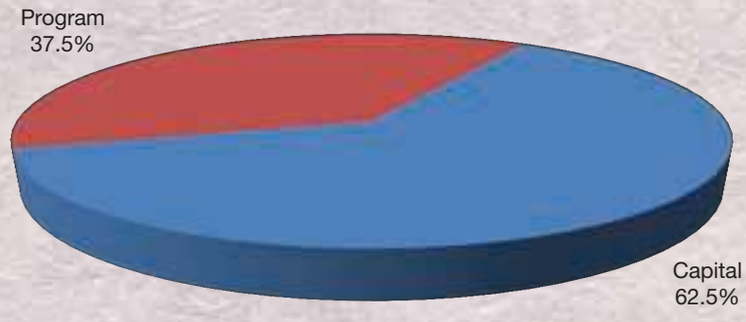
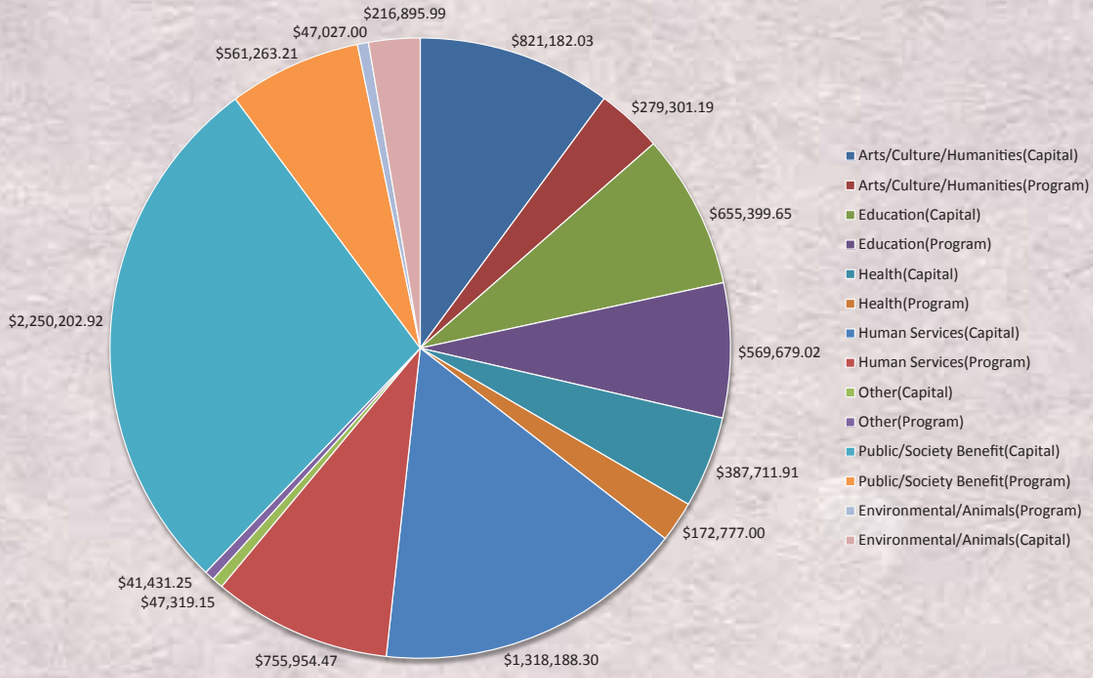
Statewide Statistics on the Program

*The sixth year of the County Endowment Fund Program resulted in 2,163 grant awards totaling more than $8.1 million throughout Iowa. These awards were made after careful review of applicants in each of the 85 counties. Collectively, the program generated more than 3,116 grant applications seeking funding of approximately $20 million for a wide range of needs.**

In analyzing the reports, the counties identified 62.5% of total grants were to capital based initiatives with 37.5% focusing on program aspects of projects.



In addition, the focus areas break down as follows:



The following pages provide summaries for each of the 85 counties participating in the County Endowment Fund Program. Additional individual information on these and other Iowa Community Foundations can be found at www.IowaCommunityFoundations.org by using the state map to search by county, region or zip code.

*Information compiled based on reports completed by the community foundations.

Terms to Know

The County Endowment Fund Program focuses on countywide community foundations in 85 counties across the state. In many counties, these organizations are referred to as affiliate community foundations because they work closely with a host community foundation which has been confirmed in compliance with the National Standards for US Community Foundations. The illustration below provides a brief overview of several terms important to the implementation of the County Endowment Fund Program; community foundations, affiliate community foundations, endowed funds and expendable funds. To learn more about terms used by community foundations, please visit www.IowaCommunityFoundations.org/Terms-to-Know.aspx.

Community Foundations
Iowa Community Foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. Community Foundations are trusted and valuable resources to individuals, families, businesses, nonprofit organizations and professional advisors working to build local philanthropy with a focus on creating endowments for the long-term benefit of charitable projects and programs. Community Foundations provide grant support to a broad range of community needs such as arts and culture, health, human services, historic preservation, etc. Because a community foundation carries the status of a publicly supported nonprofit, they also grow assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets; funds such as scholarship funds, agency endowment funds, and donor advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,500 Iowans volunteer their time and energy in the community foundation movement right here in our state.

Affiliate Community Foundations
An affiliate is a component of a community foundation that is, by most simplistic accounts, a fund or collective of funds that are advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County that advise grants from a charitable fund and rely on a "host" community foundation to be responsible for all of the administrative requirements of those charitable funds. Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation but as a component of the larger, host community foundation. These funds are then monitored in some way by a local collective of people from the geographic area being served.

Endowed Funds
An endowment fund (for the purpose of the legislative programs) is a charitable fund that provides grant support to Iowa charitable causes yet does not allow the annual spending rate to exceed 5 percent. Any contributions made to an endowment fund are irrevocable gifts held as an asset of the community foundation receiving the contribution. The intent of the fund is to grow by reinvesting the principal to create even greater impact in the future.

Expendable Funds
Expendable funds are charitable funds where the contributions are not endowed and instead both the principal and interest are available for grants to charitable purposes in the community. Community foundations that hold expendable funds may also interchangeably reference expendable funds as pass-through funds.

Casinos' Nonprofit Organizations Provide Millions in Grants Annually

Each of the fourteen counties with a casino has a nonprofit license holder or license sponsor that serves as a non-profit granting organization to reinvest gaming dollars contributed for numerous charitable and civic needs. Thousands of grant applications are received each year, and millions of dollars are given annually to a diversity of community and charitable causes including: The United Way, Red Cross, Make-A-Wish, life saving equipment for fire and ambulance services, laptops for schools, funding for day care and community centers, historic preservation, churches and much more.

Visit the Iowa Gaming Association website at www.iowagaming.org, click on "Our Members/License Holders" to find application, guidelines and recent years' grants.
