Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) was originally organized in 1998 as an informal network of grantmakers across the state. Since that time, the organization has engaged in numerous activities that promote philanthropy

in Iowa. The mission of the ICoF is to strengthen and grow philanthropy in Iowa, doing so through educational programming and providing networking opportunities. For a complete list of members and information on joining, visit www.IowaCouncilofFoundations.org. For more information on the ICoF's Iowa Community Foundations Initiative, visit www.IowaCommunityFoundations.org.

Iowa Gaming Association

Iowa Gaming Association

The IGA is an advocate for its member casinos, which are a viable part of the state's economy and add value to the entertainment and tourism industry. The IGA's members are:

Ameristar Casino – Council Bluffs; Catfish

Bend Casino – Burlington; Diamond Jo Casino – Dubuque; Diamond Jo Worth Casino – Northwood; Grand Falls Casino Resort – Larchwood; Hard Rock Casino – Sioux City; Harrah's Casino Hotel – Council Bluffs; Horseshoe Casino – Council Bluffs; Isle Casino Hotel – Bettendorf; Isle Casino Hotel – Waterloo; Lady Luck Casino – Marquette; Lakeside Hotel and Casino – Osceola; Mystique – Dubuque; Prairie Meadows – Altoona; Riverside Casino and Golf Resort – Riverside; Rhythm City Casino – Davenport; Wild Rose Casino – Clinton; Wild Rose Casino – Emmetsburg; Wild Rose Casino – Jefferson.

Iowa Economic Development Authority (IEDA)

Our mission is to strengthen economic and community vitality by building partnerships and leveraging resources to make Iowa the choice for people and business. Through our two main divisions – business development and community development – IEDA administers several state and federal programs to meet its goals of assisting individuals, communities and businesses. Supporting philanthropic endeavors around Iowa pays off in a big way for communities around our state. Tax credit programs administered by the Iowa Economic Department Authority (IEDA) help encourage these important philanthropic investments in community funds. IEDA is proud to administer the County Endowment Fund in cooperation with the Iowa Council of Foundations (ICoF).

A Catalyst for Philanthropic Partnerships

Philanthropy has the power to transform places in meaningful ways. Across the state of Iowa, community development efforts are making towns and cities positive places for people to live, work, raise families and retire. Through strategic, statewide support from legislators and leaders, philanthropy is benefitting every county in Iowa. The unique programs endorsed by our state elected officials have allowed communities in Iowa to flourish.

The County Endowment Fund Program has successfully redistributed a percentage of commercial casinos' gaming tax revenues for over a decade. Unique to Iowa, this initiative was created by the Legislature in 2004 and invests dollars in permanent county endowment funds, while simultaneously distributing grant funds to nonprofit organizations in the 84 counties that do not hold a state-issued gaming license.

The County Endowment Fund Program brings community leaders together to make funding decisions in their home counties. Through this program, over \$80 million in grants have been awarded to nonprofit organizations, creating lasting impact. These dollars help leverage other funding to complete community betterment projects, spark economic development efforts and leverage public-private partnerships for good.

Designed to provide grants for non profits and encourage endowment growth, the program, along with the Endow Iowa Tax Credit Program, has helped secure over \$711 million in endowed assets at community foundations in the state. These endowment funds ensure non profits and counties have a sustainable source of revenue that helps create positive change in their communities for years to come.

Additionally, regulated licensed casinos in Iowa are required to contribute a portion of their revenues to area non profits and community projects. These investments provide millions of dollars to fund projects like new playgrounds, recreational trails, local museums and community food banks. A detail of casino grant making and County Endowment Fund program grants are highlighted in this annual report.

These state programs allow leaders to showcase and enhance the unique strengths of their communities by funding projects that help each county meet the specific philanthropic needs of their area. There are countless stories from every corner of our great state that speak to the truly remarkable benefits of these programs.

We continue to express our gratitude to the legislators for their ongoing partnership and support for these programs, along with the Endow Iowa tax credit program. We invite you to connect with and learn more about your local community foundation and the positive work they are doing to make your community a great place to live now and well into the future!

The County Endowment Fund Program (HF 2302)

The state of Iowa is unique in that it has two legislated programs focused on increasing philanthropic activity to enhance the quality of life for Iowans. Both programs, the Endow Iowa Tax Credit Program and the County Endowment Fund Program, are implemented through local community foundations.

Created in 2004, the County Endowment Fund (HF 2302) program is funded by a percentage of the state's commercial gaming tax revenue. Initially, the amount was one half of one percent (0.5%) of the gaming tax revenue; this was increased to eight-tenths of one percent (0.8%) in 2006. These funds are distributed annually to participating community foundations and affiliate community foundations associated with counties without a state-issued gaming license.

For more information about Endow Iowa, and a timeline of key dates in the history of both programs, visit www.IowaCommunityFoundations.org.

What Is a Community Foundation?

Community foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. They are trusted and valuable resources for individuals, families, businesses, nonprofit organizations and professional advisors working to build local philanthropy, with a focus on creating endowments for the long-term benefit of charitable projects and programs.

Community foundations provide grant support for a broad range of community needs such as arts and culture, health, human services and historic preservation. Because a community foundation carries the status of a publicly supported nonprofit, it also grows assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets. Scholarship funds, agency endowment funds and donor-advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,700 Iowans volunteer their time and energy toward bettering their community through work with a community foundation in Iowa.

An affiliate community foundation is a component of a community foundation that is a fund or collective of funds that is advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County who advise grants from a charitable fund and rely on a "host" community foundation to be responsible for all of the administrative requirements of those charitable funds.

Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation, but as a component of the larger, host community foundation. These funds are then monitored in some way by a local collective of people from the geographic area being served.

How County Endowment Funds Are Used

The County Endowment Fund Program stipulates that the county wide community foundations that participate in the program distribute 75% of the annually allocated funds to charitable projects/programs within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support.

Community foundation grant making is done at the local level. Each county develops its grant distribution processes and involves local citizens to review and allocate funding to charitable projects/programs that impact a broad range of a community's well-being. Because of this local involvement, grant awards vary from year to year, based on current and emerging needs. Each of the 84 counties that participated in this program submitted reports to the Iowa Council of Foundations and the Iowa Economic Development Authority. These reports outline the grant award recipients and provide additional information about each community foundation; the results are outlined on pages 8 – 49.

Statewide County Endowment Fund Program Grantmaking Statistics

*The 11th year of the County Endowment Fund Program resulted in 2,120 grant awards totaling \$8,404,967.00 throughout Iowa. These awards were made after careful review of applicants in each of the 84 counties. Collectively, the program generated nearly 2,919 grant applications seeking funding of \$18,418,674.40 for a wide range of programs and projects.**

In their reports, the counties outlined grant award recipients using a common listing to categorize each grant as either program- or capital-based, with a particular focus

on one of seven categories. The chart below serves as a key for the grants outlined in each of the county reports.

Grant Categorization

Program-based: operational, activity, general programmatic support

Capital-based: the building of or physical improvement of a structure

Focus Area

Arts: museums, historic preservation, exhibits, etc.

Education: schools – all ages, adult learning programs, etc.

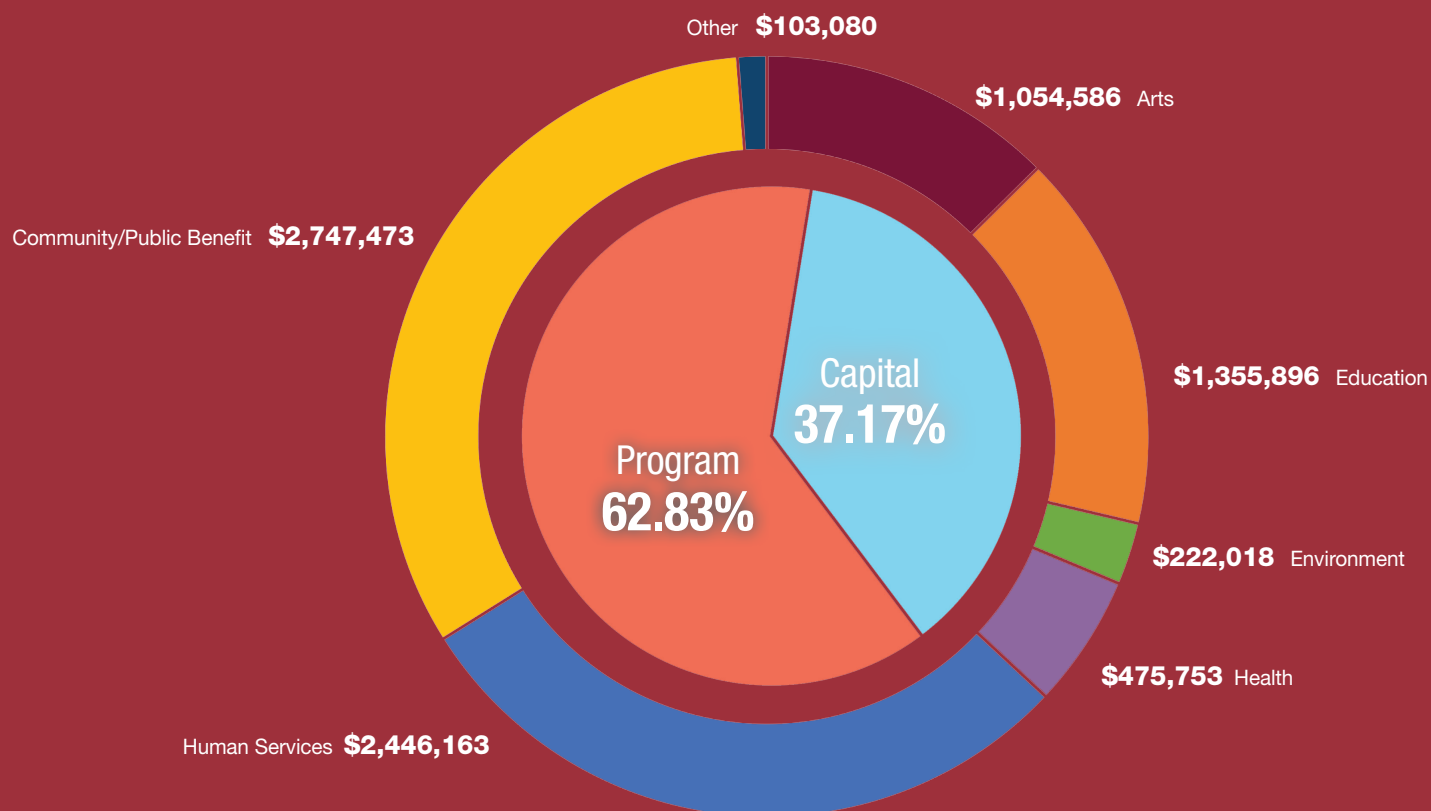

Environment: environmental protection, beautification, animal-related issues, etc.

Health: general, rehabilitative, mental, etc.

Human Services: public safety, recreation, youth development, social supports, etc.

Community/Public Benefit: community improvement/development, philanthropy/volunteerism, etc.

Other: does not fall into one of the other categories

*Compiled information is based on reports completed by the community foundations.

Casinos' Nonprofit Organizations Provide Millions of Dollars in Grants Annually

Each of the 19 commercial casinos located in 15 Iowa counties is required to share its license with a Qualified Sponsoring Organization or operate as a nonprofit entity. These nonprofit license holders receive a certain portion from their respective casino's gaming revenue and annually reinvest in numerous charitable and civic needs. Thousands of grant applications are received each year to be scored by the respective board of directors, who then award millions of dollars annually to a diverse array of community and charitable causes. On the following pages you will see a summary of those impressive grant-making initiatives from each casino license holder.

You will see that their primary areas of emphasis vary based on what will best benefit their areas. Categories include:

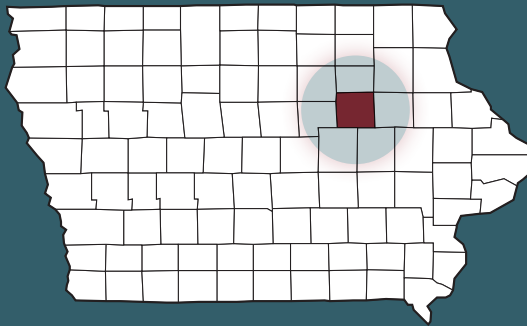

Governmental
Cultural and Historical Attractions
Economic and Community Development
Youth
Environmental
Healthy Families
Human Services
Education
Churches and Patriotism
Parks and Recreation
Placemaking
Public Safety

I encourage you to visit the Iowa Gaming Association website at www.iowagaming.org, and click on "Our Members/License Holders" to find applications, guidelines and archives of each of their recent years' grant distributions.

Geographical Area Served: The primary funding focus is for projects located in Black Hawk County with up to 10% of yearly revenue awarded to eligible projects in Bremer, Buchanan, Butler, Chickasaw, Grundy and Tama counties.

Total Number of Grants Committed in 2016: 41

Total Amount in Grants Awarded in 2016: \$3,928,895.00

List of Primary Grant Emphasis Areas:

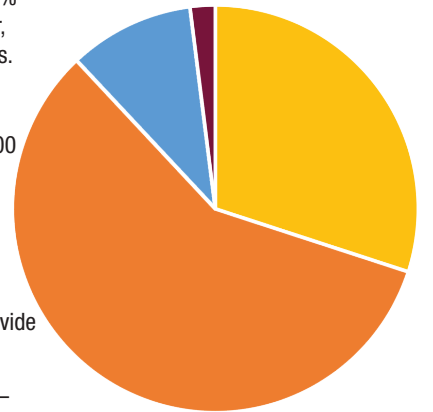

Public Safety – Projects which support public safety entities serving their communities such as Police, Fire, Ambulance, Emergency Management departments and animal control organizations. In addition, funding to provide security infrastructure or to improve community safety.

Libraries, Museums, Community Events and the Arts – Public library facility improvements and equipment, museum capital projects and exhibits and improvements for art/theater projects.

Human Services (Health) and Education – 501(c)(3) – Focus on meeting a variety of human needs and maintaining a commitment to improving the overall quality of life. Grants awarded in this focused category help to provide important services to people in the Cedar Valley. This category also includes grants to organizations focused on education.

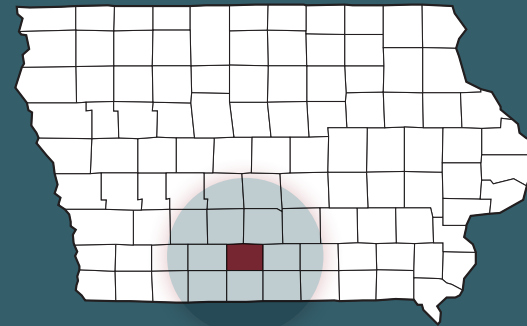

Parks/Recreation/Sports-Related Projects – Investments in quality of life projects that benefit the entire service area such as funding for capital equipment, park and trail improvements, recreation and sports related project. Funding to support and enrich public places and public spaces.

Summary of Primary Emphasis: Black Hawk County Gaming Association is interested in funding projects that make the Cedar Valley a stronger, better place to live. It places particular emphasis on proposals that enhance public facilities, create, replace or upgrade substantial capital items or create new opportunities where none now exist. Projects must demonstrate the ability to leverage funding from additional sources and should demonstrate the sustainability of the project. Funding is limited to cities and counties in the seven county region and to qualified, eligible 501(c)(3) organizations. Funding requests from counties other than Black Hawk must first apply to their local county foundation for support.

Summary of Primary Emphasis: The Lyon County Riverboat Foundation divides its revenue into two grant categories that each total 50% of the funding. The non-competitive grants that assist governing bodies are distributed to 12 different entities in Lyon County on a quarterly basis. The competitive grants are divided into 3 cycles, January, June and September. This program is well received by the local and adjacent counties and states, as there is always more requests than money available. Some of the competitive monies (about ½) has been committed to multi-cycle grants. These are projects where it takes several cycles to pay off the grant. LCRF is committed to 7 currently and has unpaid balance of \$1.4 million.

List of Primary Grant Emphasis Areas:

Community Development and Beautification – A high priority is given to community development projects that encourage neighborhood revitalization and create more livable neighborhoods. Proposals that improve the quality of life and enhance the image and/or appearance of our communities will be seriously considered.

Arts/ Culture

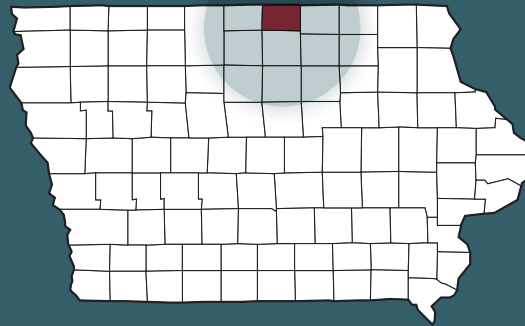

Economic Development – An important goal is to retain or create family wage jobs that result in increased economic self-sufficiency for area families and residents. The Foundation's primary economic development role is to serve as a catalyst by building the capacity of the public and the nonprofit sectors to effectively plan and manage economic development projects.

Human Services and Education – The Foundation places a high priority on innovative programs that strengthen families, address the needs of under served youth, provide services to senior citizens, and help all citizens reach their potential. The retention of young adults in our communities is an important goal of the Foundation. In addition, the Foundation has an interest in quality day care programs for our youth. The Foundation has an interest in new and innovative programs that promote life-long learning, academic performance and workforce preparation. Education programs, including early childhood education, that address under served age groups and serve children from economically and educationally disadvantaged families are considered.

Summary of Primary Emphasis: The Worth County Development Authority is interested in funding grant requests that will make northern Iowa a stronger, better place to live.

It places particular emphasis on proposals that enhance public facilities, create, replace or upgrade substantial capital items or create new opportunities where none now exists. Projects should demonstrate the ability to leverage funding and support from additional sources. Applications should demonstrate the sustainability of the proposed project without additional long-term financial commitments from the Worth County Development Authority. Funding is limited to cities and counties in the service area and qualified 501(c)(3) organizations.
