Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) was originally organized in 1998 as a network of grantmakers across the state. Since that time, the organization has engaged in numerous activities that promote philanthropy in Iowa.

The mission of the ICoF is to strengthen and grow philanthropy in Iowa, doing so through educational programming and providing networking opportunities. For a complete list of members and information on joining, visit www.IowaCouncilofFoundations.org. For more information on the ICoF's Iowa Community Foundations Initiative, visit www.IowaCommunityFoundations.org.

Iowa Gaming Association

Iowa Gaming Association

The IGA is an advocate for its member casinos, which are a viable part of the state's economy and add value to the entertainment and tourism industry. The IGA's members are: Ameristar Casino – Council Bluffs; Casino

Queen – Marquette; Catfish Bend Casino – Burlington; Diamond Jo Casino – Dubuque; Diamond Jo Worth Casino – Northwood; Grand Falls Casino Resort – Larchwood; Hard Rock Casino – Sioux City; Harrah's Casino Hotel – Council Bluffs; Horseshoe Casino – Council Bluffs; Isle Casino Hotel – Bettendorf; Isle Casino Hotel – Waterloo; Lakeside Hotel and Casino – Osceola; Prairie Meadows – Altoona; Q Casino – Dubuque; Riverside Casino and Golf Resort – Riverside; Rhythm City Casino – Davenport; Wild Rose Casino – Clinton; Wild Rose Casino – Emmetsburg; and Wild Rose Casino – Jefferson.

Iowa Economic Development Authority (IEDA)

The IEDA mission is to strengthen economic and community vitality by building partnerships and leveraging resources to make Iowa the choice for people and business. Through our two main divisions – business development and community development – IEDA administers several state and federal programs to meet its goals of assisting individuals, communities, and businesses. Supporting philanthropic endeavors around Iowa pays off in a big way for communities around our state. Tax credit programs administered by the Iowa Economic Development Authority help encourage these important philanthropic investments in community funds. IEDA is proud to administer the County Endowment Fund in cooperation with the Iowa Council of Foundations.

A Catalyst for Philanthropic Partnerships

It's easy to look around communities in Iowa and see philanthropy at work. Busy park trails, lively summer concerts in the park, a food pantry serving neighbors, and a community coming together around shared priorities to support their town. This year, we celebrate the many ways philanthropy in Iowa has grown and been strengthened through the work of community foundations and Qualified Sponsoring Organizations (QSOs).

The County Endowment Fund Program annually redistributes a percentage of commercial casinos' gaming tax revenues. Of that annual distribution, the recipients grant 75 percent directly to local nonprofits and charitable causes in their communities and the remaining 25 percent is added to each county's unrestricted endowment fund to provide a permanent source of funding for future projects and programs. Each county's endowment fund is intended to attract additional donations and provide a permanent source of funding to support county and community needs forever.

Since the County Endowment Fund Program began in 2004, over 33,500 grants have been made to invest over \$135 million across Iowa. Alongside this investment, the Endow Iowa Tax Credit Program has leveraged over \$359 million in gifts to permanent endowed funds in Iowa. Seventeen nationally accredited community foundations help administer both programs. These state-legislated programs are not just innovative here in Iowa, but in the entire philanthropic field. Both have positioned Iowa as a leader in community-based philanthropy and have also positioned Iowa communities for success now and in the future.

Complementary to the County Endowment Fund Program, each of the 19 commercial casinos, located in 15 Iowa counties, is required to share its license with a QSO that receives a contractual percentage portion from their respective casino's gaming revenue to annually reinvest in numerous charitable and civic needs. These investments provide millions of dollars in grants to fund projects which benefit counties that hold state-issued gaming licenses and therefore are not eligible for the County Endowment Fund Program.

Working together, these grantmaking activities support each of Iowa's 99 counties and are a catalyst for significant philanthropic and public-private partnerships. These grants support a wide variety of needs in Iowa communities including: human services, education, health, the arts, the environment, and community/public benefit. A detail of County Endowment Fund Program grants and casino grantmaking for 2021-2022 are highlighted in this annual report.

These grantmaking efforts and the Endow Iowa tax credit are a winning combination of supporting community needs for Iowans now and in the future. Thank you for your longstanding commitment to these programs. We invite you to connect with and learn more about your local community foundation. We look forward to continuing to strengthen and grow these programs in 2023 and beyond!

The County Endowment Fund Program (HF 2302)

The state of Iowa is unique in that it has two legislated programs focused on increasing philanthropic activity to enhance the quality of life for Iowans. Both programs, the Endow Iowa Tax Credit program and the County Endowment Fund Program, are implemented through local community foundations.

Created in 2004, the County Endowment Fund Program (HF 2302) is funded by a percentage of the state's commercial gaming tax revenue. Initially, the amount was one half of one percent (0.5%) of the gaming tax revenue; this was increased to eight-tenths of one percent (0.8%) in 2006. These funds are distributed annually to participating community foundations and affiliate community foundations associated with counties without a state-issued gaming license.

For more information about Endow Iowa visit www.IowaCommunityFoundations.org.

What Is a Community Foundation?

Community foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. They are trusted and valuable resources for individuals, families, businesses, nonprofit organizations, and professional advisors working to build local philanthropy, with a focus on creating endowments for the long-term benefit of charitable projects and programs.

Community foundations provide grant support for a broad range of community needs such as arts and culture, health, human services, and historic preservation. Because a community foundation carries the status of a publicly supported nonprofit, it also grows assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets. Scholarship funds, agency endowment funds, and donor-advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,700 Iowans volunteer their time and energy toward bettering their community through work with a community foundation in Iowa.

An affiliate community foundation is a component of a community foundation which is a fund or collective of funds advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County who advise grants from a charitable fund and rely on a "host" community foundation to be responsible for all of the administrative requirements of those charitable funds. Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation, but as a component of the larger, host community foundation. These funds are then monitored by a local collective of people from the geographic area being served.

How County Endowment Funds are Used

The County Endowment Fund Program stipulates that the countywide community foundations that participate in the program distribute 75% of the annually allocated funds to charitable projects/programs within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support.

Community foundation grantmaking is done at the local level. Each county develops its grant distribution process and involves local citizens to review and allocate funding to charitable projects/programs that impact a broad range of a community's well-being. Because of this local involvement, grant awards vary from year to year, based on current and emerging needs. Each of the 84 counties that participated in this program submitted reports to the Iowa Council of Foundations and the Iowa Economic Development Authority. These reports outline the grant award recipients and provide additional information about each community foundation; the results are outlined on pages 8 – 49.

Casinos' Nonprofit Organizations Provide Millions of Dollars in Grants Annually

Each of the 19 commercial casinos located in 15 Iowa counties is required to share its license with a Qualified Sponsoring Organization (QSO). These QSOs receive a contractual percentage portion from their respective casino's gaming revenue to annually reinvest in numerous charitable and civic needs.

Each QSO operates with their own board of directors as an 'arms-length' decision making nonprofit entity. These QSO's each establish the criteria that is best suited to their region for the types of grants they will consider funding; their primary areas of emphasis vary based on what will best benefit their areas. 2022 was certainly an impactful year that required new focus on what grants could be considered to help the most.

Categories include:

- Cultural and Historical Attractions
- Healthy Families
- Environmental Education
- Youth
- Public Safety
- Community Improvement
- Churches and Patriotism
- Governmental and Libraries
- Parks and Recreation
- Economic and Community Development
- Services Agencies and Human Services

Thousands of grant applications are received each year requesting dollars for a diverse array of community and charitable causes. Considerable deliberation takes place by the respective board of directors to score these requests to then award millions of dollars to many worthwhile initiatives!

On the following pages you will see a summary of those impressive grantmaking areas of emphasis from each casino QSO license holder. In the space allowed on each QSO's page, it would be difficult to list all their grants awarded. They are all available to review; I encourage you to visit the Iowa Gaming Association's website at www.iowagaming.org, and click on "Our Members/License Holders" to find links to their grant application, guidelines, and archives of each of the recent years' grant distributions.

Similar to the benefits of the qualified community county foundation grants featured in previous pages; this ongoing casino-QSO relationship has truly been a tremendous success story benefiting many Iowans - enjoy reviewing these summaries in the following pages!

List of Board Members: Scott Becker, Debra Corson, Carolyn Rafferty, Kingsley Botchway, Eric Johnson, Nick Evens, Ann Lyons, Endya Johnson, Dave Richter, Kate Wyatt, Paul Lee, Alice Shirey, Eric Ritland, Stacy Van Gorp, Jane Whittlesey

Geographical Area Served: Black Hawk, Bremer, Buchanan, Butler, Chickasaw, Grundy and Tama Counties.

Total Number of Grants Committed in 2022: 28

Total Amount in Grants Awarded in 2022: \$10,137,665.00

List of Primary Grant Emphasis Areas:

Community Improvement - Community improvement grant awards encourage municipalities in Black Hawk County to submit larger grant applications which focus on quality of life and enhance the image or appearance of their community.

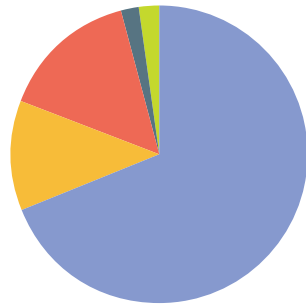

Public Safety - Public safety awards help keep residents safe and support in this category relieves the tax burden for cities. Funding also supports public safety equipment for fire, police, ambulance, and emergency management positions.

Libraries, Museums, Community Events, and the Arts - Public library facility improvements and equipment, museum capital projects, and exhibits and improvements for art/theater organizations making our communities stronger, better places to live.

Human Service Nonprofit Organization and Education - Qualified 501c3 and 501c19 organizations with a focus on meeting variety of basic human needs are funded in this category. Organizations which provide a commitment to improving the overall quality of life in the service area are considered for funding in this category. This category also includes support to projects benefiting education.

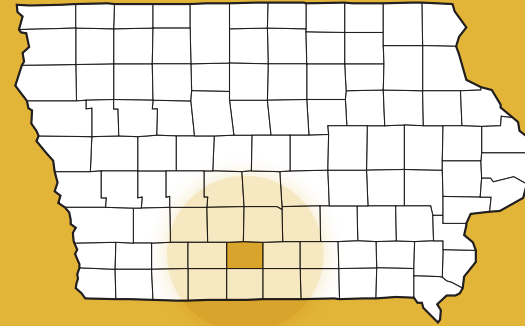

Parks/Recreation/Sports-Related Projects - Investments in quality of life and community vitality projects benefit the entire service area. Whether it is investing in signature projects like the Cedar Valley Sports Plex or support for parks, trails, and nature centers in the service area funding in this category enriches public spaces and public places for the enjoyment of the entire community.

Summary of Primary Emphasis: Black Hawk County Gaming Association is interested in awarding funds that make the Cedar Valley a stronger, better place to live. It places emphasis on proposals that enhance public facilities, create, replace, or upgrade substantial capital items, or create new opportunities. Projects must demonstrate the ability to leverage at least 50% of funds from other sources and show future project sustainability. Funding is limited to the seven-county region and to qualified, eligible 501c3 and 501c19 organizations located in the service area. Funding requests from counties other than Black Hawk County are accepted and considered once per year and must first apply to their local community foundation. Visit the online grant management process for more information at www.bhcg.org.

Geographical Area Served: Clarke County

Total Number of Grants Committed in 2022: 25

Total Amount of Grants Awarded in 2022: \$1,415,096.00

List of Primary Grant Emphasis Areas:

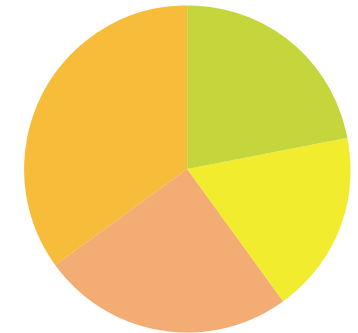

Health and Wellness - Along with access to quality healthcare, we are concerned about attracting physicians to our community. And of course, mental health is an area we are committed to improving. Our ongoing commitment to a quality trail system is part of this effort as well. Walking trails, bark park and municipal golf course improvements.

Education - Collaboration among our employers and our educators has led to increased awareness among our youth regarding career opportunities and the preparation necessary. We also strive to insure our schools have the latest technology available. The village early childhood center and the new training center. We also make annual contributions to the local Scholarship Programs.

Economic Development - Working with local government agencies we strive to help fund projects that will insure the continued infrastructure necessary for sustaining growth in the private sector. These funds also include projects that improve the appearance of the community. City of Osceola, workforce housing projects and infrastructure projects including a new water supply reservoir. This year we provided the funding for a Housing Needs study which contributed to the development of 140 new housing units.

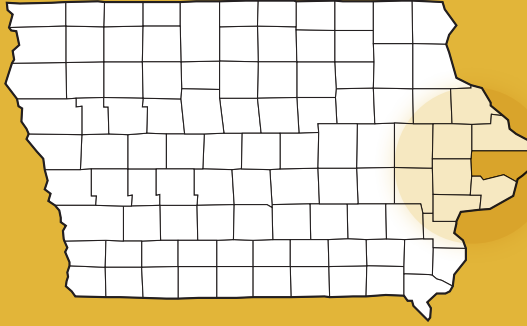

Service Agencies - We provide funding to a broad cross section of non profit agencies who provide needed services to members of our community needing assistance. Cross Ministries, Families First, Osceola Volunteer Fire Department and the Fairgrounds.

Summary of Primary Emphasis: The Clarke County Development Corporation works with a broad cross section of the community. This collaboration includes The City of Osceola, Southwestern Community College, the Local School Districts, the Board of Supervisors, the Health Department and the local Hospital. Every year we sponsor a Community Development Forum which showcases all of the County's Not for Profit agencies. Most of our grant requests originate through our interactions with these organizations.

Geographical Area Served: Eastern Iowa
(Primarily Clinton County)

Total Number of Grants Committed in 2022: 45

Total Amount in Grants Awarded in 2022: \$2,976,893

List of Primary Grant Emphasis Areas:

Recreation/Art - The CCDA is a proud contributor to the vast array of recreational opportunities available in Clinton County. Projects include: Outdoor pickle ball courts in DeWitt; LED Brick sign for Camanche; Playground and campground updates for Charlotte.

Education - The CCDA has been dedicated to the task of providing support for the area education facilities. Examples are the exercise and wellness equipment for Calamus Wheatland Athletic Boosters and Camanche Community Schools as well as playground updates for Bluff Elementary School and Zion Childcare/Preschool.

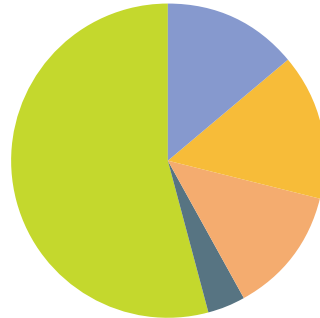

Safety - The CCDA is continually contributing to the safety of the county communities. For example: Charlotte Volunteer Fire Department's Grass Truck Equipment; Grand Mound EMS Personal Protective Equipment; City of Camanche Police Department safety cameras.

Health and Human Services - The CCDA takes pride in providing support for projects that promote healthier lifestyles such as: MercyOne Mobile Clinic; IPR Vehicle for Bridgeview Community Mental Health Center and a handicap accessible door for Information, Referral and Assistance.

Economic Development - The CCDA is constantly looking for great projects that enhance economic development in Clinton County. For example: supporting the Clinton Regional Development Corporation's Lincolnway Industrial Rail and Park Recertification and Calamus Wheatland Downtown Business Incubator.

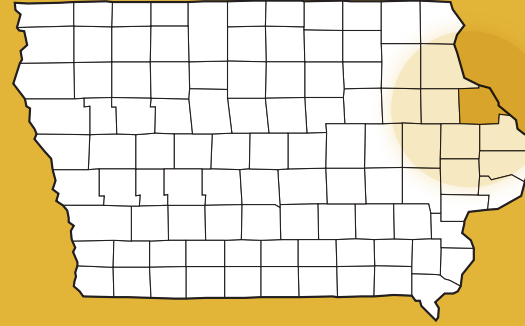

Summary of Primary Emphasis: The CCDA supports numerous nonprofit organizations and their projects within Clinton County, Iowa. We do not recognize an area or project type for emphasis, however, do remain alert for those projects that have the potential for economic development and increased employment opportunities. Projects for life saving protective equipment for fire departments have been well received.

We do not use a rubric or scoring method, but rather have each Board Member independently evaluate and rate (score) all grant applications determined to be eligible for CCDA funding. Projects that capture the hearts, minds, and imagination of a larger portion of Clinton County seem to receive higher scores. Those ratings are compiled and averaged, and funding allocations are spread across as much of the applicant field as possible. It should be no surprise that applications for funding seem to always outstrip the amount of available funds to grant.

List of Primary Grant Emphasis Areas:

Grow Greater Burlington, Economic Development 75%, Education 5%, Recreation 15%, Civic Engagement/Human Services 5%

In 2022 commitments were increased for a new project for the greater Burlington area called "The Courts" – a state of the Art basketball facility to complement the "Turf" indoor soccer facility launched in 2019. The Courts will allow our community to host regional sporting events for multiple age groups bringing more economic vitality to the region. Significant investment was also made in the West Burlington community in an area of blight/underutilized land near the former Raider pre-cast plant that has been an eye sore for years. Significant clean up, Infrastructure planning for public access, and a land swap was accomplished with Southeast Iowa Regional Planning and a brand-new facility built for our Des Moines County public Transportation service. A grant was also given for improvements to be made to our historical Capitol Theatre in downtown Burlington. This facility will allow for restoration, enjoyment of the Arts, and for a new partnership with Southeastern Community College to expand its Arts education in our community. In 2022 due to our Economic Development efforts, we saw over \$41 million in private capital investment into our community. Our business attraction efforts were successful in attracting Western Smokehouse Meats to expand into the Flint Ridge Business Park, creating more than 150 new high-quality jobs and putting \$23 Million in capital investment into their new facility. Grants were also utilized to secure multiple Virtual Reality headsets with state-of-the-Art software designed for career exploration within all the school districts in Des Moines County. These units allow students to explore in demand career paths as we seek to encourage students to find careers right here in our community!
